

CAPABILITY STATEMENT

2022

SPECIALISTS IN THE FIELD OF BUILDING MAINTENANCE UNITS (BMU's).

- **A Grade Access** is an Australian owned and operated Contracting company, specialising in Building Maintenance Units (BMU's) across all sectors of Industry. Our focus is on Customer Service and Safety, identified by many of our clients as a key point of difference between A Grade Access and our competitors. We don't aspire to be all things to all people – our primary motivation is to deliver projects of the highest quality through the implementation of safe and efficient management techniques and systems.
- **Our sole focus** is supplying our customers the very best BMU service and preventative maintenance in the safest possible way - throughout Australia.
- **We employ** the best technicians in the industry. This knowledge is particularly invaluable since the level of training our technicians have undertaken is no longer available following the closure of Australia's last remaining training facility.
- **Company Registration and Certificates of Currency** for Workers Compensation, Public Liability of \$20 Million and Professional Indemnity of are available upon request.
- **With Our wide range of employee skill set** we are able to service and maintain all material Handling equipment including Cranes, Hoists, Dock lifters, etc. along with Façade maintenance and Height Safety systems.
